TECHNICAL SKILLS

Programming Languages: JavaScript, C++, Python, Verilog, ARM Assembly

Operating Systems: Windows 10/11, macOS

EDUCATION

The University of Miami | Coral Gables, FL

B.S. in Computer and Software Engineering | GPA: 3.9/4.0

Dec 2027

Relevant Courses: Data Structures & Algorithms, Processors: Hardware and Software, Discrete Math

Los Gatos High School | Los Gatos, CA | GPA: 4.4/4.0 (W) 3.9/4.0 (UW)

Jun 2024

RELEVANT EXPERIENCE

Software Developer | Classic Car Wash | San Jose, CA

Jul 2022 - Present

- Developed business automation in JavaScript, cutting manual tasks with estimated savings of \$80,000 annually.
- Developed an iOS app in Swift to collect customer contracts for recurring plans.
- Developed a NodeJS application to interact with customer databases.

Software Engineering Contractor | Doubling | Los Gatos, CA

Jan 2025 - Present

- Worked closely with Doubling partners and portfolio companies.
- Partnered with founders and technical leaders to architect, build, and ship software supporting core business workflows and customer facing products.

AI Engineering Intern | Share Scoops Pro | Remote

Apr 2025 - Aug 2025

- Built a custom AI inference endpoint leveraging retrieval-augmented generation (RAG) and fine-tuning, enabling employees to efficiently access and apply company knowledge in their workflows.
- Developed and styled responsive user interfaces with React.
- Built and maintained backend services using Google Firebase and AWS Amplify App Hosting, supporting authentication, data management, and scalable deployment.

PROJECTS

Texas Hold 'em Poker | Personal Project

Dec 2024

- Created an online and local poker game with JavaScript and HTML. I published it on my personal website ([link](#)).

Block Blast! Solver | Personal Project

Jul 2025

- Created an algorithm and a user interface for solving puzzles in the mobile game *Block Blast!*. ([link](#))

Chess Online | Personal Project

Dec 2025

- Created a peer-to-peer online chess game with JavaScript, HTML, and PHP. ([link](#))

ACHIEVEMENTS

- Top 2% MOEMS (Math Olympiads) Division Award (2018)
- Outstanding World Language Scholar, Japanese 1 LGHS (2021), Japanese 2 LGHS (2022), Japanese 3 LGHS (2023)
- #1 LGHS JV Track & Field Thrower
- Sang with my High School choir at Carnegie Hall
